AREA PLANNING BOARD OF PALM BEACH COUNTY

2300 PALM BEACH LAKES BLVD. - SUITE 200

WEST PALM BEACH, FLORIDA, 33409
AREA CODE (305) 683-9450

Dear Reader,

This document is composed of 37 separate chapters--one for each of the municipalities in Palm Beach County. Within each chapter, similar types of information have been assembled. Many of the facts presented have not been disseminated previously. However, this report is not intended to be an exhaustive compilation of facts and figures on municipal life in Palm Beach County. The information presented has been selected to appeal to many interests: governmental employees, businessmen, developers, tourists, and the general public.

The information contained herein was initially gathered as of June 1, 1975, and with the exception of the sections on "Elected Officials," and "Appointed Officials," the data presented for each city are current as of June 1. Due to the time involved in preparing the data for publication, several changes have occurred in elected and appointed officials since June 1. In instances where a successor has been named for an official who is leaving office, the new official's name has been substituted; where no successor has been named as yet, the outgoing official's name remains.

Because municipal elections are scheduled for most of the municipalities during the coming year, the elected and appointed officials are subject to change at various times throughout the year. In order to keep this handbook as current as possible with respect to the governmental officials, changes in office holders will be disseminated in the form of update notices.

Undoubtedly, we have omitted some information which may be of particular interest to you. If you will contact our office, we will attempt to supply you with any additional information. Perhaps you might have suggestions for data to be included in future editions of this report.

Sincerely,

Frank W. Brutt, Executive Director
Area Planning Board
Palm Beach County

FWB:dj

A C K N O W L E D G E M E N T S

In a comprehensive work of this nature, many sources of information are utilized. It is impossible for us to recall all of those individuals who supplied necessary information, but we would like to extend our sincere appreciation to all those persons and agencies that cooperated in this undertaking. We would like to especially acknowledge the time devoted to this study by the officials of the 37 municipalities in Palm Beach County.

A detailed map of the Village of North Palm Beach. The map shows the Atlantic Ocean to the north, with Lake Worth situated between the ocean and the village. The Intracoastal Waterway is depicted as a winding channel through the lake. Major roads shown include US 1 running horizontally across the middle, and Earman Blvd running vertically on the right side. Other roads include Prosperity Farms Rd, Northlake Blvd, and Town of Lake Park Blvd. The map also shows the Earman River and various smaller canals and waterways. A north arrow is located in the bottom left corner.
